Making Good on our Promise

A handful of dentists formed the Capital Area Dental Foundation more than a decade ago with the singular goal of doing good in the community. Since then, CADF providers, and even non-dentists like myself, have helped to transform the lives of thousands of our neighbors in need. Please enjoy our 2017-2018 community impact report. We hope it leaves you inspired and ready to join us on our journey to make good in our community.

— Lyda Creus Molanphy, CADF Chairman

COMMUNITY PARTNERS

PROGRAM PARTNERS

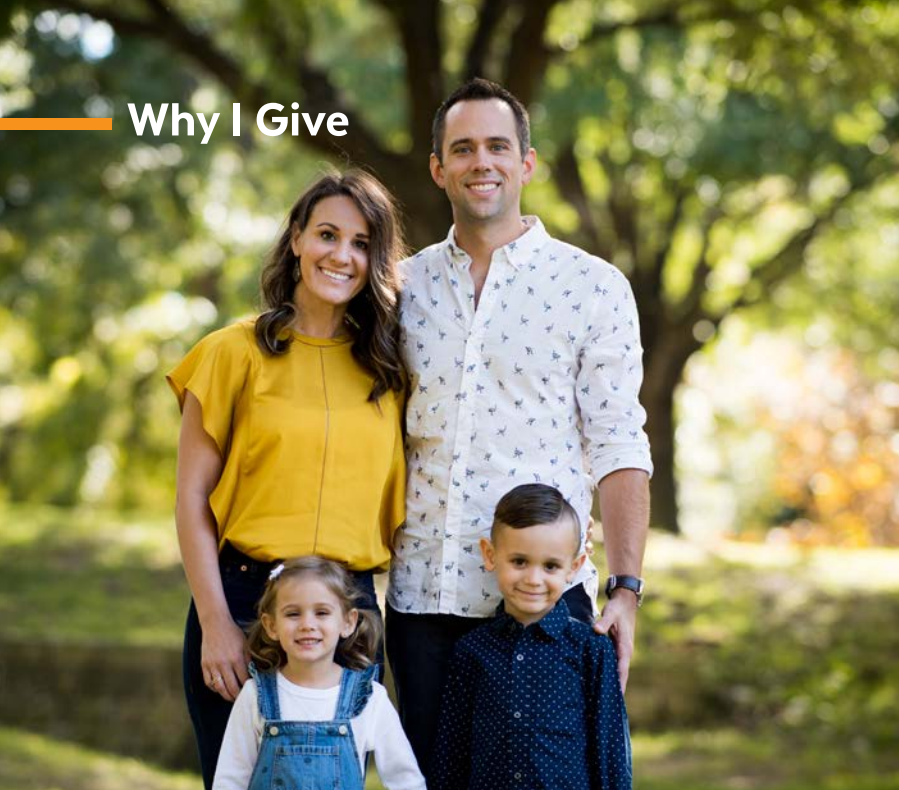

OUR MISSION

The Capital Area Dental Foundation transforms lives in Central Texas with healthy smiles by offering life-changing access to charitable dental care.

We achieve our mission by forming strategic partnerships and developing programs that connect volunteer dentists with people in the community who need dental care the most.

Why I Give

The Sustainer's Circle empowers donors to make monthly contributions that provide critical and dependable support for CADF. This extraordinary generosity helps secure the Foundation's future and ensures we can meet the growing needs of our community.

SUSTAINER'S CIRCLE FOUNDING MEMBERS

These individuals demonstrated their support with an initial gift of \$1,000 to launch the program.

12 Oaks Dental
Ronald Barnett, DDS, MSD
Michael Bell, DDS
John Caldwell, DDS
Mark Castor, DDS
Roland Davies, DDS
Michael Doughty, DDS
Jon Fidler
Annalisa & Matthew Heck, DDS
William Hyden, DDS
Kelly Keith, DDS
Kavin Kelp, DDS
Stan LaCroix, DDS
Joe Langford
Kent Macaulay, DDS

Amy Nguyen, DMD
AnnMarie Olson, DDS
Barry Rouch, DDS, MS
Matthew Steinberg, DDS
Don Taylor, DDS
Becky Walker
Danelle Walton, DDS
Timothy Wellik, DDS
Steven Widner, DDS

Danelle Walton, DDS embodies the spirit of making good, and CADF is grateful to have her on our team. Despite running a busy family dental practice and raising two young children with her husband, Kyle, Dr. Walton is a passionate CADF board member and volunteer provider. This past year, she even opened up her practice, Walton Family Dentistry, to host a Community Dental Day.

Dr. Walton has a special interest in airway health and is a voracious reader and student. She is also a master fundraiser and has helped CADF lead the last two successful Amplify Austin campaigns. As a member of the Sustainer's Circle, Dr. Walton recognizes the ease and convenience of supporting CADF through monthly contributions.

“ Everyone at CADF has their heart in the right place. We help so many people and if we can get more people involved, it will make it easier for us to do even more good in the community. Every dollar donated and hour volunteered makes a difference. ”

— Danelle Walton, DDS

For more information about joining the Sustainer's Circle, visit the CADF website at capitalareadentalfoundation.org.

MAKING *good* ON YOUR DONATIONS

When you contribute to CADF, your donation immediately starts doing good. In fact, **every dollar you donate to CADF provides \$11 in life-changing dental care.** How do we do that? **It's pretty simple.**

Your donations provide CADF with the resources to focus on three main tasks:

- 

Recruiting volunteer dentists to care for patients in need
- 

Connecting uninsured and low-income patients with volunteer dentists
- 

Organizing and promoting Community Dental Days and other programs that provide charitable dental care

CADF raises money in three main ways:

Grants:

- Foundations
- Corporate Donations

Annual Giving:

- Sustainer's Circle
- Monthly Donations

Events:

- Annual Gala
- Golf Classic
- Amplify Austin

REVENUES

Dental service programs	\$428,088
Contributions	\$39,348
In-kind dental services	\$520,312
Awards and grants	\$91,900
Special events	\$236,696
Interest income	\$7
Changes in beneficial interest in CADF Endowment Fund	\$3,377
Total revenues	\$1,319,728

EXPENSES

Dental service programs	\$1,104,236
Management and general	\$43,939
Fundraising	\$172,358
Total expenses	\$1,320,533

When you contribute to CADF, you can feel confident that you are investing in a 501(c)3 organization with a strong track record of success and responsible financial stewardship.

With your support, CADF is changing how people think about and deliver charitable dentistry. Our care delivery model is simple and patient-focused. We don't operate a clinic or employ dentists to deliver care. Instead our volunteers provide treatment in private dental offices throughout the community. This unique and scalable approach is helping to increase access and fill the growing gap in adult oral health care.

CADF Community Dental Days

With generous support from St. David's Foundation and the International College of Dentists, CADF and our partner, Dentists with a Heart, launched the Community Dental Day initiative. This program is part of a broad strategy to increase access and provide preventative education to those in need.

This scalable program activates multiple dental offices and dozens of volunteers across the community. Over the last year, Community Dental Days have touched the lives of more than 330 vulnerable and underserved patients. As the demand for care rises, plans for expansion of this life-changing program are currently underway.

A SPECIAL

thank you

to the following offices and staff who hosted one or more Community Dental Days:

- Rose Dental Group
- Round Rock Dental Group
- Smile Creations
- Walton Family Dentistry

“

I was wowed by the way I was treated at the CADF Community Dental Day. It was easy to make an appointment and my dentist, Dr. Kelp, was so relaxed and reassuring. He extracted two of my teeth, one which was severely impacted. He even called me the next day to see how I was doing. Austin is lucky to have the Capital Area Dental Foundation providing this kind of community service to people who can't afford dental care.”

— Steven, Community Dental Day patient

“The Community Dental Day I attended was exceptional. The staff was so kind and generous. I had a cleaning and the dentist filled a cavity on the same day. The cavity went all the way to the root so I would probably have lost my tooth if not for the generosity of the Capital Area Dental Foundation and its many volunteers. I am so grateful, and thank you from the bottom of my heart.”

— Jenni, Community Dental Day patient

If you are interested in hosting a Community Dental Day at your office or volunteering with us, please call 512-992-1217 or email volunteer@capitalareadentalfoundation.org.

DOING GOOD WITH OUR PARTNERS

Regular dental care is important to overall health outcomes, but far too many individuals lack access to affordable, quality care. The Austin Community Foundation supports the Capital Area Dental Foundation because we believe that people shouldn't have to choose between dental care and other basic needs. CADF fills a critical gap in our community's access to oral health care."

— Meagan Anderson Longley, MSSW,
VP, Community Impact,
Austin Community Foundation

"Season for Caring values our partnership with the Capital Area Dental Foundation. So many of our families do not have access to dental care and have gone years without seeing a dentist. The joy they have about getting to see a dentist is immeasurable."

— Nicole Villalpando, Specialty Editor,
Austin American-Statesman Season
for Caring

"Adults in Central Texas suffering from untreated dental disease can experience multiple barriers when accessing dental care. The collaboration between St. David's Foundation and the Capital Area Dental Foundation helps to reduce or eliminate these barriers so that the vulnerable and underserved can receive the essential oral health care they need. Our hope is to ensure everyone has equal access to quality dental care in order to improve their oral health, which in turn will benefit their overall health, wellness and confidence."

— Shailee Gupta, DDS, Chief Dental Officer,
St. David's Foundation

SEVYLLA'S SUCCESS STORY

Dr. Darryl Baucum and Sevylla del Mazo

Sevylla del Mazo is a musician, percussionist and educator. Three years ago, she was diagnosed with Stage 4 Non-Hodgkin's Lymphoma. Like many cancer patients, Sevylla experienced side effects from her treatment, which lasted two years. "My teeth and gums took a real beating from the chemotherapy," she said. Fortunately, Sevylla has access to oral health care as a member of the Health Alliance for Austin Musicians. "I see Dr. Darryl Baucum every three months for periodontal maintenance, and I can't say enough good things about him and his office." Sevylla is doing well and continues to perform and teach all over the country.

"When you are a performer, the first impression of who you are is your appearance and your smile. Thanks to CADF and its partnership with HAAM and St. David's Foundation, I have my health and my smile."

DID YOU KNOW?

Oral health affects a person's **physical**, **psychological**, and **social well-being**, and is considered a window into the condition of the rest of the body.

Oral health problems ... account for **more than \$1 billion dollars** in state spending in Texas every year, not including costs related to absenteeism and diminished productivity at school and work.

Oral health problems contribute heavily to avoidable use of expensive emergency care. Approximately **one person every 15 seconds** visits a hospital emergency department for a dental condition.

DONATE

Your contributions do a world of good.

Becoming a Sustainer's Circle member is easy, efficient and rewarding. Plus every dollar you donate to CADF provides \$11 in charitable dental care to one of our neighbors in need. Visit www.capitalareadentalfoundation.org and click the "donate now" button.

VOLUNTEER

We work hard to make it easy for you to do good.

Volunteers are the lifeblood of CADF. Whether you are a dental professional or simply someone with a passion for giving back to the community, we ask you to join us and help transform lives through healthy smiles. Visit www.capitalareadentalfoundation.org/volunteer to learn how we can customize a volunteer experience to fit your schedule and interest.
