Community Dental Days

Several times per year, CADF organizes Community Dental Days to offer charitable dental care to Central Texans in need. They are held on a Saturday in private dental offices in one or more locations across the city. Host offices not only provide the physical space for dental volunteers to treat patients, their staff also serve as volunteers.

	Value of Donated Care	Patients Served
2022	\$46,400	80

ON THE COVER: Annie Smiles Again

“I came in with the top half of my teeth broken from the chemicals I received during chemotherapy and radiation. The Capital Area Dental Foundation volunteer dentist and her assistant worked on my mouth for a few hours working very hard to make sure that when I left, I would smile again. The services that the Capital Area Dental Foundation did for me were a miracle. The whole staff was so kind, patient, generous and caring to all their patients. I’m not ashamed of smiling again.”

—**Annie Harris**, Community Dental Day client and breast cancer survivor

Season for Caring

CADF has been a proud partner with the Austin American-Statesman Season for Caring program since 2011. During this time, CADF volunteer dentists have donated over \$250,000 in charitable dental care to hundreds of children and adults who were nominated by local nonprofits.

"We would like to thank CADF for allowing the Agape Community Dental Clinic to borrow its surgical and restorative instruments. Without your generosity, hundreds of patients would have gone without needed treatment. We are honored to serve our community alongside you all."

—Jen Blaton, Founder, Hill Country Smiles, Inc.

"The partnership between the Capital Area Dental Society and CADF allows our members to engage in charitable dental programs, network with like-minded professionals, and make a lasting impact on oral health accessibility in our community."

Sara Carter, Capital Area Dental Society Executive Director
